

Mentoring Enquiry: Recent Alumni and Students ^[1]

Are you looking for professional guidance? A number of Linacre Alumni have kindly offered to make informal contact with other Alumni, or with current Linacre students. If you fill in this form we will give you details of a mentor to contact. We will also inform the mentor that we have passed on his or her details to you.

Contacts made through the scheme are purely for the purposes of informal guidance and information; the mentee should make the initial contact with the mentor. We hope that you will soon hear back from your mentor, but please also bear in mind that they may be away on business, or on holiday, so there might be a time lag before contact is made. All Alumni on our mentors' list have indicated that they are willing to act as a mentor.
